LOOKING FOR A NEW HOME? CALL A REALTOR

Get your copy now of HOMES, a free magazine showing Memphis Realtors' listings. Pick one up at a bank, savings & loan company, drug store, motel, restaurant or industrial firm, and see your Realtor for service and advice.

THE REALTOR—a professional in real estate

The Realtor is a professional in real estate—professional because he subscribes to a strict Code of Ethics as a member of the National Association of Real Estate Boards, one of the largest and most active trade and professional groups in the nation, profiting by the services and aids not otherwise available. His membership gives him the right to use the term Realtor, which is NOT a synonym for "real estate agent," but a service mark registered in the United States Patent Office and reserved exclusively for use by members of the Association. Courts have ruled repeatedly the term Realtor cannot be used by those not entitled to it.

THE REALTOR has the benefits of organization

As a Realtor, the individual profits by uniting his strength with others to face the many problems of real estate: excessive property taxes, threats to private ownership by socialistic housing schemes, forced housing legislation, and cumbersome laws which hamper real estate investments. As a member of the local Board of Realtors, he associates with the leaders of the business world and has access to an exchange of ideas that can be invaluable. The local board provides representation for real estate in civic affairs and with local governments.

THE REALTOR receives professional training

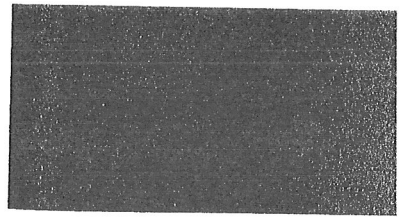

Professional designation: The Realtor has an opportunity to elevate his standing with the public by qualifying for such professional designations as: MAI (Member, Appraisal Institute), CPM (Certified Property Manager), AMO (Accredited Management Organization), A (Accredited Farm Broker), CRE (Counselor, Real Esta SIR (Active Member, Society of Industrial Realtors), G (Graduate Realtors Institute), and others available thro the NAREB Institutes — its educational arms.

THE REALTOR can save you Time - Trouble - Money

As a member of the Memphis Board of Realtors, Realtor can serve you better than "just a real est agent" because he or she can work hand-in-hand with over 800 other Realtors in Memphis to bring you widest possible selection of choice properties or pr pective buyers.

THE REALTOR offers the advantage of MLS!

Perhaps the most efficient tool of the Realtor is MULT PLE LISTING SERVICE. Through this service, membe of the Memphis Board of Realtors are able to po their resources to ensure a wider range of custome when you're selling a house, a wider range of properti when you are buying one.
